Feb07/10	Recyclable Trade Waste Collection	A trial of recyclable trade waste recently undertaken was successful, therefore it is recommended, subject to negotiations with Suffolk County Council (SCC), all customers be offered this service. SCC's amount of biodegradable waste that can be land filled will continue to reduce each year until 2020. The input of tonnage from trade waste is included in this figure. Therefore, it is essential that biodegradable waste be diverted and a separate trade waste collection service will achieve this and will help meet the requirements of the Landfill Allowance Trading Scheme (LATS).
